

**NAPA
BALLROOM
AND SOCIAL
DANCERS**

Sadly Announces:
The March Dance Party

March 14th - is Cancelled!

Late Wednesday night, Gov. Newsom announced that California public health officials had issued an updated directive on mass gatherings. The governor stated that the state's public health experts have determined that gatherings should be postponed or canceled across the state until at least the end of March. Non-essential gatherings must be limited to no more than 250 people, **while smaller events can proceed only if the organizers can implement social distancing of 6 feet per person.** *(We are dancers, what fun would that be?)* Gatherings of individuals who are at higher risk for severe illness (e.g. older adults and those with underlying illness) from COVID-19 should be limited to no more than 10 people, while also following social distancing guidelines.

Napa Ballroom and Social Dancers will be cancelling future dances until it is deemed safe to resume them. Please check our website for updates.
